Boatman Jammed in Ice.
ST. HELENS (Or.) Dec. 19.—The stern-wheel river steamer Lorraine, en route from Portland to Astoria, became caught in an ice jam in the Columbia River opposite here today and her wheel and steering gear were so badly damaged that she was forced to discontinue her trip.

After Democratic Convention.
ST. LOUIS, Dec. 19.—The Democratic State Committee will send a delegation to the meeting of the Democratic National Committee at Washington, January 8, in an effort to obtain the national convention for either St. Louis or Kansas City. It was decided at a meeting today. Kansas City has pledged \$150,000 to defray the convention expenses, and St. Louis \$40,000. It was said.

Flick Newberry Testimony.
GRAND APPEAL (Mich.) Dec. 19.—Judge Sessions of the U. S. District Court today announced the arrest of 150 special veniremen from which a jury will be picked to hear the case of U. S. Senator Newberry and 124 others, charged with conspiracy and fraud in connection with the Newberry election a year ago. With the subpoenas went out notices that those who refused to attend would be held in contempt. The veniremen were ordered to appear at the court house at 10 o'clock.

WHERE Do You Buy Your Underwear? Why Not Here?
Wherever they come, or wherever they go, way up in the air, or down below—men wear underwear.
In California even in cold weather, men wear medium or lightweight underwear.
And, speaking of cold weather—they're getting it "good and plenty" in the East and Middle West, where they're nearly "freezing to death."
Now, men, aren't you tickled just plain through that you're living here in a wonderful climate, where you can wear medium or lightweight underwear all the year round?
Munsing, Vassar, Duofold, and other Underwear in large assortments in our Underwear Dept., Main Floor.
Sizes for men of unusual dimensions, short, stout, tall.

NERVOUSNESS A PECULIAR TRAIT

Some Athletes Show High Tension Before Battle.
Excessive Sensibility Does not Indicate Fear.
Eddie Casey of Harvard is Example in Point.

BY HARRY A. WILLIAMS.
Nervousness in an athlete doesn't necessarily indicate a yellow streak. Outward manifestations of this are frequently seen in the prize ring before a battle starts, and often on the gridiron just before the whistle sounds for the kick-off. It is likely to be the evidence of that fine hair-trigger organism to be found in a thoroughbred and when the contest actually starts exhibits itself in superb action.
Eddie Casey of Harvard evidently is an athlete of this type. It is related by one of his friends that Casey hesitated to try to catch the kick-off in his first game as a "prep." But it came directly at him, and his opponent's edginess. However, once the ball reached him his nervousness resolved itself into sheer speed and he was off to a touchdown.
HARD TO SHAKE OFF.
An athlete of this type seldom is able completely to rid himself of a combined feeling of nervousness and anxiety preceding a battle, although it may become less pronounced as he gains experience, and doubtless the Casey of today, big league and all-American star, experiences some of the emotions that surged through Casey, the prep.
The writer once played on an eleven with an athlete of this type. He was a big, husky chap and had few superiors at tackle. He loved football, and was the very embodiment of courage. Yet just before the commencement of each game he presented almost a picture of a man waiting for the referee's whistle to start the game. He would stand with his arms crossed, looking at the referee, and he was always and charging down the field, built like a converted freight car, and was the very embodiment of a team's strength.
Amongst others, Jim Corbett was of the nervous, high-strung type, and while not outwardly evidencing it as much as some of our athletes, it is difficult to get him to play in his corner waiting for the go-get-'em song. But once he was in the ring, almost too fast for the moving-picture camera. Without this nervousness, Corbett would not have been the peer of all boxers among the heavyweights of all time.
Jim Willard was the antithesis of Corbett. He hadn't the nerve of the fire of the combined boxer and fighter—some of the qualities of any of the great athletes in any line, one of which is imagination. Willard was merely a large chunk of something which has never been analyzed, and consequently the poorest excuse that ever held a title.

SEATTLE (Wash.) Dec. 19.—The Seattle Club of the Pacific Coast Baseball League will train at Hanford, Cal., next spring. It was announced here today.

PREP GRID FIGHT TODAY.

The interscholastic football struggle narrows down to the final today. Long Beach and Dinuba fight it out at Dinuba for the chance at Berkeley High school at Tournament Park one week from today.
Local fans are confident that Long Beach will represent the southern part of the State in the championship contest. According to dope Dinuba is hardly strong enough to put the beach side out of the running. Earlier in the season Manual

CRIMSON'S EASE UP ON PRACTICE

Will Start Long Western Jaunt this Afternoon.
Twenty-three Football Players on List for Trip.
Roof-Raising Send-off Being Planned by Students.

(BY A. F. MONT WIRE.)
CAMBRIDGE (Mass.) Dec. 19.—The Harvard football team, which will play the University of Oregon at Pasadena, Cal., on New Year's Day, refrained from practice today and prepared for its westward journey tomorrow. The official football party will consist of twenty-three players, ten coaches, and physicians and several newspaper men. A special send-off will be given the team when it boards the Wolverine Express at 2 o'clock in the South Station.
Every member of the team was in the service in the war. All of the first-string men enlisted immediately after war was declared. The younger members of the squad were in the students' training camp. The coaches were in foreign service.
They are expected to arrive in Los Angeles on the morning of December 22. Several times each day of the journey there train stops permit the team will have setting up exercises and brief signal practice. The official contingent will consist of twenty-three players, Jack Dunsmuir, Joe Ryan, Merril P. Hill, Percy Steele, Robert Sedgwick, Keith Kane, Hy Faxon, Wyant Hubbard, Tom Woods, Fiske Brown, Charles Thorndike, Charles Haver-meyer, Arnold and Ralph Horwenz, Capt. Murray, Eddie Casey, Dick Humphrey, Nils Salomon, Arthur Hamilton, Babe Pelton, Frank Johnson, Stan Burnham and Fred Patton. Graduate Manager, Fred Moore, Under Graduate Manager, Dick Higgins, Faculty Representative, William Lincoln, Club Executive, Dr. Tom Richards.

CARPENTER TO BOX AT ITALIAN CARNIVAL.
(BY CABLE AND ASSOCIATED PRESS.)
MILAN, Thursday, Dec. 19.—The Sporting Gazette announced today that Georges Carpentier, the French heavyweight champion of Europe, has accepted an invitation to come here before February 28 to give a sparring exhibition at a boxing carnival, the proceeds of which will go to aid the victims of the Italian Olympic Games Committee.

ONLY TWO AUTOS WERE STOLEN.
What he, ye warden—let the periculis fall—only two autos were swiped from the streets of Los Angeles yesterday. The unlucky machines were a Chandler 1918 roadster, license 84384, and a Buick 1918 touring, black, 84722. Persons seeing either of these cars are requested to notify Egan or Hickok of the Auto Club theft bureau or police officials.

SUNDAY BENEFIT FOR THE ORPHANS.

Big doings at Washington Park tomorrow (Sunday) afternoon. The sport begins at 1:30 o'clock with a ball game between two big league teams on one of which Babe Ruth will play first. Babe will try to put the ball over the fence. After the game there will be a number of athletic events such as running, wrestling, boxing, and Jack Dempsey, the world's heavyweight champion pugilist, will give an exhibition. The proceeds will be donated to orphans in Los Angeles regardless of creed.

LASWELL AND AMESTOY WIN HANDBALL HONORS

Laswell and Amestoy won the finals yesterday at the L.A.A.C. in Charles Keppen's Class A handball tourney. They defeated Clark and Goldie 21-25 and 21-7. Clark was not up to his high standard of play. Laswell and Amestoy played excellent ball.
In the beginner's championship the honors went to Ben Estes and Horan who defeated Sargent and Wagner, 21-11 and 21-10.

HENDERSON TO GET UP A FRESHMEN SCHEDULE.

Despite the fact that at the recent conference meeting it was decided to put the kibosh on freshmen competition in football, Coach Henderson of the U.S.C. comes out flat-footed and renews. Henderson is not going to pay any attention to this ruling but is going right ahead with a very large freshman schedule next year. The schedule he says will include Stanford, California, Throon, Redlands, varieties and L. A. Poly, Manual Arts, Fullerton and Long Beach.

MOTORCYCLE KINGS AT ASCOT JANUARY 4.

Because of the importance to the speed world of the 1918 championship motorcycle race to be run at Ascot Speedway, January 4, the New Year's Day event planned for Phoenix has been postponed until later in the month. Word of this action was received yesterday by George R. Rental, chairman of the Ascot Speedway Association.
Chairman Rental said yesterday that in addition to the fastest machines that ever appeared on a mile course, there would be sixteen riders representing the best of the country's two-wheel talent. The stars already are busy in daily practice, acousting themselves to the track on the special racing jobs. Hereafter these speed creations have not been allowed to start on a mile track, because they were considered too fast.

GRUNAN HANGS IT ON BROWN.

Is Too Fast and Clever for the Mexican Scrapper.
Hunefeld Puts the Quietus on Jimmy Marshall.
Garcia Outboxes Farrell, but Latter is Victor.

BY EDWIN P. O'MALLEY.
Foxiness played a great part in Al Grunan's victory over Young Brown in the feature event at Jack Doyle's last night. In their previous meeting not long ago, Al threw too much energy in the first and second rounds and hadn't enough reserve force to put up a strong argument against Brown's last two minutes' bluff rushes.
Last night, however, Grunan kept a safe lead in the first three rounds and then tore loose in the finale and beat Brown at his own game. He reached Brown often with stinging right uppercuts and offset the latter's determined rushes with fierce aggressiveness of his own.
The semi-windup proved the quick undoing of Jimmy Marshall who has been putting up some good scraps around here lately. Jimmy in a luckless moment hooked up with Willie Hunefeld. The two had hardly been boxing over a minute when Willie swung one of those short, Kid McCoy corkers with his right and away Marshall dropped on his back. He was down for nine—pulled himself groggily to an upright posture by the aid of the ropes and was receiving a volley of blows from Willie, when the referee pulled the latter off and raised his right hand. It was a clean cut knockout.
Frankie Garcia, showing wonderful improvement, looked as if he measured it all over Young Farrell for three and a half rounds and then tired slightly toward the end when Farrell reached him several times with stinging lefts to the nose. The bout was given to Farrell probably for the reason that Frankie intentionally struck Farrell while the latter was on one knee. Farrell also showed the more aggressive but Garcia did the landing.
Charles May and Joe Roone boxed a fast draw—Louis Garcia trimmed Red Brennan and Al Williams put Zou on the blink in the third round with a succession of rights to the jaw.

Reflections—After the Skidding Accident
Reflections, that show Weed Tire Chains as the only real dependable device for the prevention of skidding, do not come to motorists until their bare rubber tires skid and carry them upon the rocks of disaster.
How strange it is that some men are never guided by the experience of others, never take the lesson home to themselves until too late.
They read the newspaper accounts of disastrous skidding accidents caused by lack of Weed Tire Chains but they do not heed the warning.
They wait until the skidding of their own bare tires results in death, injury or car damage before they realize that tires are safe on wet-slippery-skiddy roads only when encased in Weed Tire Chains.
Weed Chains on Your Tires Reflect Your Prudence and Intelligence
Weed Chains are also made to meet the demand for an efficient traction and anti-skid device for trucks equipped with single and dual solid tires or with the very large pneumatic tires. They are so constructed that they automatically meet the requirements of heavy truck service in mud, sand or snow.

CALLS QUERY ON MEN'S CLOTHING

Attorney-General's Office Calls for the Facts.

Believe \$55 Suits Can Sell for \$25 at Profit.

Investigation to be Made Following Holidays.

(BY A. P. WIRE.)
WASHINGTON, Dec. 19.—Steps to check the rising price of clothing will be discussed at a conference here early in January of persons interested in the production of wearing apparel, from the producer of raw materials to the consumer of the finished product.

The calling of the conference was announced today by Asst. Atty.-Gen. Figg, who said that, in addition to affecting economies in operation, it was planned to provide for the production of standard-quality cloth and garments for sale at a reasonable price as an inducement to the public to check extravagance in purchasing.

Suggestions for the conference came from producers of wearing apparel, and a committee of seven, to be chosen, the personnel of which will be announced after the Christmas holidays. The unorganized clothing unions will be represented in the conference.

CUT \$30 FROM SUIT.
Mr. Figg said it was generally agreed among producers that one essential for reducing the cost of clothing was to have manufacturers devote their plants to necessities, restricting the type of clothing purchasable by the average man. Some clothing manufacturers were said to believe that men's suits now selling for \$35 retail could be sold at a profit for \$25, if an arrangement could be worked out between mills, manufacturers and retailers, whereby a certain percentage of business could be devoted to goods of standard quality to be turned out in quantity.

There is no intention to design a "uniform" for the public, Mr. Figg said, and the standard goods under consideration would be standard in quality rather than in pattern. The Department of Justice also is taking other steps to turn the attention of the public to the lower-priced goods neglected in the reaction from war prosperity.

With the coal strike over, officials expect to give renewed attention to the cost of living. A call was sent out today from Atty.-Gen. Palmer's office for a meeting of the committee with whom he had met frequently in the past on the trend of prices. Secretaries Baker, Daniels and Wilson, Director-General Kline, Chairman Burdick, of the Federal Trade Commission, and others are members of the committee.

GLUT OF CHRISTMAS TREES.

(BY A. P. WIRE.)
NEW YORK, Dec. 19.—The law of supply and demand today forced down the prices of Christmas trees from \$2 each to six for 35 cents. Many dealers are even giving them away to save demerage charges of freight cars, explaining that the excessive quantity on hand is due to the army of speculators attracted to the field by the large returns netted last year.

EGG PRICES DROP.

(BY A. P. WIRE.)
CHICAGO, Dec. 19.—Increased receipts caused the wholesale price of eggs to drop 4 to 10 cents on the Chicago market today. First quality eggs sold for 21 cents a dozen, compared with 27 cents yesterday. Ordinary quality sold from 1 cent a dozen less than yesterday's closing price.

MIDLAND COUNTIES GAS COMPANY ASKS MERGER.

SANTA BARBARA, SAN LUIS OBISPO CONCERN, WOULD JOIN SANTA MARIA.

(BY A. P. WIRE.)

SAN FRANCISCO, Dec. 19.—An application for permission to negotiate the sale of the Midland Counties Public Service Corporation natural gas systems in Santa Barbara and San Luis Obispo counties to the Santa Maria Gas and Power Company for \$185,000 was filed with the State Railroad Commission by the two companies here today.

The petition said that the companies had been engaging in a competition, particularly in the town of San Luis Obispo, that had proven unprofitable to both, and a merger was the only remedy. The public would be better served, the petition held, by the taking over of the interests mentioned.

The rates now being collected by the Santa Maria company should be the basis for the charges under the new system, the petition said.

CHICAGO JOB FOR LANE?

(REUTERS WIRE.)

CHICAGO, Dec. 19.—Franklin K. Lane, Secretary of the Interior, may, when he resigns, come to Chicago as a high official in the Peabody Coal Company, according to rumors in Chicago and reports from Louisville, Ky. It is well known among their acquaintances that Mr. Lane counts Francis N. Peabody one of his warmest friends. Both are Democrats; during the war they worked together while Mr. Peabody was laboring on the task of distributing coal throughout the country and later in directing work in the munitions assignments in factories. During that time a friendship sprang up that was recognized in Washington as a Damon and Pythias relationship.

FIGHTS WATER SCHEME.

(BY A. P. WIRE.)

SAN FRANCISCO, Dec. 19.—Fearing that there will not be enough water to satisfy its needs if the South Feather Land and Water Company puts through a plan to irrigate new acreage, the Wyandotte Water Users' Association of Oroville petitioned the State Railroad Commission that these plans be suspended pending an investigation. The water supplied to the association by the company in 1915 and 1916 to date has been barely sufficient to meet its needs, the petition said. The petition asks that the company be prevented from signing up any new customers until it can prove that its output is adequate for all needs.

The November issue of Pictorial Review passed the two million mark.

This is without doubt the largest circulation of any monthly magazine in America.

It is a supreme vindication of an editorial policy built on the theory that the great body of American women are progressive.

Didn't Steal Van Camp's Love, Stenographer Answers.

Wife's Charges Malicious and Unfounded, She Asserts.

Replies to Two Actions with Denial of Misconduct.

Promising a fight to protect her reputation when the divorce suit and \$50,000 lost-love suit of Mrs. Euphrasia Van Camp come to trial, Miss Ruth Cruzen, named as co-respondent in the divorce action and charged with stealing the love of Frank Van Camp in the balm suit, filed answers yesterday in which she counters with charges of her own.

The charges that she misbehaved herself with Mr. Van Camp, who is the head of the Van Camp Sea Food Company, are asserted in the answers to be "wholly and absolutely untrue," and "a malicious and malicious intent of vexing, annoying and harassing Ruth Crusen," and "are based upon unfounded and unreasonable jealousy" on the part of the woman.

Miss Crusen asserts that she has been at all times "chaste and virtuous," and that she has never been in any way connected with the conduct with Mr. Van Camp, and is a person of good character and reputation.

Miss Crusen was a "steno-grapher in the office of Mr. Van Camp,"

WINS MALICE ACTION.

**Two Must Pay Large Sum to Angelo-
lino, Highest Court Rules.**

Word was received here yesterday that the State Supreme Court has affirmed this judgment of the Superior Court of Los Angeles, finding in favor of M. A. Murphy in the sum of \$15,000, in the action brought against Lycurgus Lindsey, prominent Southern California financier, and E. M. Davida, charging malicious prosecution.

On August 11, 1915, Mr. Davida, according to the records, swore to a complaint charging M. A. Murphy and M. W. Findley, secretary and president, respectively, of the Inde-

felony and embezzlement by illegally devoting \$4000 to their own use. The men were discharged and Mr. Murphy brought suit and has recovered

The original charges grew out of the construction of the Merchants' National Bank Building, and Mr. Lindsay, who was interested in the work, declared the criminal action was instituted without his knowledge.

FOR FLOOD DISTRICT.

Appeals Court Allows New Trial of Condemnation Suit.

District Court of Appeals No. 1, yesterday denied the writ of prohibition asked for by defendant property owners in the condemnation suit of the Los Angeles County Flood Control District, to restrain Judge McCormick from passing on the motion of the flood control district for a new trial.

In granting the motion for a new trial, Judge McCormick ordered a reduction of the amounts awarded to the various defendants, which aggregated about \$20,000, for land taken for the right-of-way for the big channel at Long Beach.

**Harbor Board Approves Wrigley
Application for Port Berth.**

The Harbor Commission yesterday granted the application of William Wrigley, Jr., for berthing privileges for the Wilmington Transportation Company for a period of thirty years at the Water-street Wharf, foot of Canal street, Wilmington.

as the mainland terminal of the Santa Catalina Island steamer service and also to install the offices there for the handling of all freight and passenger traffic of the company. A new passenger steamer is soon to be placed in commission on this run, and it is expected the details of the new lease will be completed and the shift of location made at that time. Wilmington wharf may be used as a terminal about the middle of February.

OFFICERS ELECTED BY PATRIOTIC BODIES

Stanton W.R.C. 18, elected the following officers for the new year yesterday: President, Mrs. Elizabeth Kiser; Senior Vice-President, Mrs. Alice Kennedy; Junior Vice-President, Mrs. Lillian Armstrong; Chaplain, Mrs. Ada Hays; Treasurer, Mrs. Mattie Tobey; Conductor

Mr. Edith Schaubel. Installation will be early in January, when the president will name the appointive officers.

The Loyal Women's Sewing Club of the Stanton W.R.C. has the following officers: President, Edna Wheeler; Vice-President, Lillian Armstrong; Secretary, Mrs. Savin; Treasurer, Esther Quackenbush. Mrs. Waterman presented the retiring president, Mrs. Elizabeth Kiser, with a gold tumbler.

IN SILVERMAN CASE.

No arrangements have been made so far for the second trial of Dr.

rested Thursday on a bench warrant to answer a year-old indictment of the Federal grand jury charging misuse of the mails. It developed yesterday that Dr. Silverman has not had offices in the Van Nuys Building as was stated, for some months.

Armour's Oats are milled in uniformly thin flakes and cook in ten to fifteen minutes.

They are flaky white, clean, and have no hulls.

You'll like the flavor, too. It's distinctly different from the ordinary rolled oats.

Once you try them you will use them daily for your breakfast.

Wholesome, nourishing and especially good for children.

NEW YORK STOCK EXCHANGE

(BY A. P. ROBERT WIRE.)

NEW YORK, Dec. 19.—Led by oil, metals, steel, and equipment of extreme gains of 2 to 14 points, today's stock market gave a demonstration of underlying strength. The movement in oil was featured by Mexican and Pan-American petroleum, those issues showing greatest activity in connection with merger plans.

Demand for finished steel and iron of all descriptions is said to be so large as to make necessary an anticipation of the usual year-end suspension of operations at the mills.

Continued ease of call money, which ruled at 6 per cent, though rising to 8 per cent in the last hour, and the further stabilization of exchange especially the rate on London, were among the factors which contributed to the confidence manifested by speculative interests.

Shippers, tobacco and the usual miscellaneous specialties were active moderately in the day's activity and copper rallied from their early heaviness with rails the lat-

est strengthening towards the close on buying of Pacific and trunk lines. Sales amounted to 1,325,000 shares. Trade reviews touched upon the record bank clearings of the country, due largely to unprecedented holiday business and improvement in the labor situation was reflected in the increased production of various finished commodities.

The one division of the financial markets, which offered little encouragement was the bond market. Leading issues were steady at best, while Liberty Bonds maintained further reactionary tendencies with some gilt edged rails and in-convertibles. Total sales (par value) were \$2,500,000.

Old United States bonds were unchanged on call.

Bar silver, \$1.33; Mexican dollar, \$1.01 1/2.

Mercurial paper, unchanged.

Sterling, demand, 2.74 1/2; cables, 2.75c. Time loans, strong; un-

changed.

LONDON, Dec. 19.—Bar silver, unchanged. Money 2 3/4 per cent.

Who Won the Coal Strike?

Terms received with "unqualified approval" by the coal operators, accepted with the comment "the fight is won" by the strike-leaders, regarded with gratification by the Government, and hailed by many responsible papers as a "great victory for the public," would seem to be all that could reasonably be expected as a solution of the coal crisis. But through the general jubilation there sounds a note of doubt and warning from no less an authority than Dr. Harry A. Garfield, United States Fuel Administrator, who fears that in the near future this settlement will mean further inroads upon the pocketbooks of the coal-consuming public.

The leading article in THE LITERARY DIGEST for this week—December 20th—has been prepared so as to give the public an all-sided knowledge of just what the strike settlement contemplates. It quotes facts, opinions, and predictions from all sources, and the article is illustrated with half-tone illustrations and cartoons.

Other articles of almost equal importance and interest in this number of the "Digest" are:

The "Digest" in the "Movies" Makes Millions of Men and Women Laugh

The reasons that make "TOPICS OF THE DAY," selected by The Literary Digest, one of the most popular subjects on the motion picture screen are given by a reviewer in these words: "The subjects are essentially timely. The paragraphs reach the screen while interest in the topics is at its highest point. There is no prescribed limit to their appeal. All humanity is dealt with and all humanity responds to their screening. Each composition is brief—comprehensive. It is at

all times well composed and carefully selected. It represents substantial thought—the best editorial thought in the world. But, best of all, there is real wit and humor in every line." Pathe distributes "Topics of the Day" to more than two thousand motion picture theaters in the United States and Canada, including B. F. Keith's, Proctor's and Orpheum circuit vaudeville theaters. If you desire to see it in your favorite theater, send a post-card request to Timely Film, Incorporated, 1562 Broadway, New York City.

quarters. The most notorious of his associates was Ted Jones, the boy bandit, whose exploits during his brief career have made the tales of Jesse James and other famous bandits of the West look mild and child-like in comparison. He was killed in a dramatic gun battle near Arcadia, November 18, 1917.

In 1915, when Jones was but 17 years old, and was held here for the Missouri authorities, Burger took an active part in the fight against his extradition. He is said to have sent Gov. Johnson a telegram urging postponement of action. A lengthy statement defending the youth was issued to the press and distributed to the members of the Prohibition State Central Committee, which bore the name of Charles R. Burger, chairman of the executive committee. Later Burger was admitted with having employed Attorney John L. Fleming to defend Jones, or Forbes, as he was known here.

In 1916 Burger was greatly interested in two youths charged with stealing an automobile. He was very active in their behalf, the officers working on the case said. The two boys were Walter Greider and W. T. McAlpin. They were arrested March 26, 1916, and had a hearing before Justice Palmer. The case was continued, taken off the calendar, and finally on November 9, dismissed. Later McAlpin was rearrested on a larceny charge, held for trial, pleaded guilty and was sent to San Quentin.

The next persons to figure prominently as proteges of Burger were Samuel G. Lyle and Roger Juvet, who were charged with burglarizing a dozen Windsor district homes early in 1918. The two boys were arrested by Detectives Wood and Murphy, with a list of stolen goods in their possession, the police said. Lyle and Juvet were taken to the County Jail, the latter were found to be at liberty, pending their trial. An investigation was started, and it was learned that Commissioner Burger had secured Lyle's release on bond.

While this investigation was in progress, Lyle was arrested at Long Beach, and was arrested there, charged with a series of robberies in that city. At a hearing in Long Beach, before Justice Palmer, Commissioner Burger appeared in Lyle's behalf, and participated in a stormy session, declaring his indignation that Lyle was being persecuted. Two days later Burger surrendered Lyle and the State Board of Prisoners was notified. Mr. Riley said last night that Burger did not particularly interest himself in this case, but that he had been friends for a long time and that he has a high regard for the integrity of the accused man.

JAIL NURSE AS MURDERESS.

Charged with murder, Mrs. Sarah J. Williams, 44 years of age, who conducts a private hospital at 1217 South Hoover street, was locked in the City Jail yesterday by Inspector M. O'Connell, at the State Board of Medical Examiners as the result of the death of Miss Lucile Halley, 33 years of age. Mrs. Williams is charged by the State officer with conducting an illegal operation which caused the young woman's death. According to Inspector O'Connell, Miss Halley, who lived with her mother at 608 South Burlington avenue, entered the hospital last Tuesday. He says the operation was performed the same day, and that Miss Halley died the next day. The complaint charging murder was issued yesterday by Deputy District Attorney Becker, Inspector O'Connell being the complaining witness.

GRAVE YIELDS EVIDENCE.

A blow was dealt the defense moved from it the shotgun bullets which the authorities are trying to prove were responsible for the man's death. San Bernardino county authorities charged that Flood came to his death as a result of wounds received during a quarrel with Elmer W. Brown, a mail carrier at Bakersfield, over mail equipment. When the case came to trial Brown's attorney set up the claim that no autopsy had been made to indicate the real cause of death, and made the defense that Flood died of apoplexy.

TO BAR LEFT-HAND TURNS.

The City Council issued final instructions to the City Attorney yesterday regarding the preparation of the ordinance regulating traffic in the congested district. These provide that there shall be no left-hand turns on Main street from First to Eighth; Hill from First to Eighth; Broadway from First to Eighth; and all cross streets, and on Seventh street from Main to Grand avenue.

The district just outside of the no-parking zone in which automobiles may be permitted to park for one hour was slightly changed, so as to exclude the old Plaza. It is now outlined as follows: Beginning at Los Angeles and Main streets, thence south on Los Angeles street to Aliso street; thence east on Aliso to San Pedro street; south on San Pedro to Jackson street; east on Jackson to Central avenue; south on Central to Seventh street; west on Seventh to San Pedro street; south on San Pedro to Pico street; west on Pico to Georgia street; north on Georgia to Ninth street; west on Ninth to Elmer street; north on Elmer to Crown Hill; east on Crown Hill to Boylston street; north on Boylston to Temple street; east on Temple to Figueroa street; north on Figueroa to Sunset boulevard; east on Sunset to Main street; south on Main to Main street; east on Main to Los Angeles street at the place of beginning.

When Williams, an attorney for the taxicab operators, appeared to the City Council yesterday to make an exemption for taxicab stands in the no-parking district, but the Council filed the statement, members declaring their firm opposition to such use of the streets. Operators of taxicabs will have to find private property for their stands, they said.
